## Do Not Overlook This Opportunity

Even if you have already ordered, check over this list. Many items will be booked up by shipping time. Prices are f.o.b. San Jose, and for not less than five of one kind and size; packing at cost as usual. We will ship POOL CARS to PORTLAND, SEATTLE, and SALT LAKE; truck delivery to LOS ANGELES AREA.

### IMPORTANT NOTICE FOR EASTERN NURSERYMEN

Out here everything east of the Rockies is "Eastern"!

During January and February we ship several heated refrigerator cars to eastern points. Where size of order justifies, we can nearly always arrange for carload service to destination or some nearby point for pickup or reshipment. The total transportation charges for each car will be prorated among all customers who have goods in it.

For many years we have also safely made l.c.l. spring shipments by freight to any eastern points by using the southern route via New Orleans or St. Louis. This brings material at proper time to customers not conveniently located for carload service and avoids the freezing weather of the northern route. The freight rate is usually the same.

This Offer Will Positively Be Cancelled October 31, 1949
